Colonel David A. McNerney
Commandant
Defense Language Institute
Foreign Language Center
Presidio of Monterey
Monterey, CA 93944-5006

Dear Colonel McNerney:

We had a most interesting and useful briefing session with members of your staff during my visit to your installation last month. The Assistant Commandant, Colonel Clarence Lunt, did a splendid job in bringing us up to date on the status and plans for the Institute.

Our discussions with the members of the Russian Language Group were also most instructive, and we were impressed by the dedication and skill with which the members of your staff are pursuing their mission. We fully support your innovative efforts to obtain current radio and television media tapes to enhance the effectiveness of your language training programs. [redacted] a member of my staff, will maintain contact with LTC Colucci to assist in expediting Community support for your needs and is keeping [redacted]

[redacted] informed.

Please convey my thanks to Colonel Lunt and the members of the Russian Language Group for their professional briefings and for a most rewarding visit to the Defense Language Institute.

Sincerely, [redacted]
